Schwellenbach took over the labor department three years ago after Frances Perkins, one of the original members of President Roosevelt's cabinet, stepped out.

Schwellenbach's death came in the midst of widespread labor troubles. But, of late, he had little to do in settling labor-management disputes. Congress had whit tled away the department's powers and shifted them to other agencies. And friends saw his influence in the cabinet waning.

#### G. O. P. SCOREBOARD

Six characters are in search of the Republican presiiential nomination at Philadelphia this month. The seventh and leading possibility, Vandenberg, says he doesn't want the job. The favorite sons-Baldwin of Connecticut, Martin of Pennsylvania, Green of Illinois and others like them—are in the race only as stalking horses or darkhorse compromises, in case the seven deadlock.

Sheer merit will have little to do with the convention's choice. There won't be any intelligence test, high man

Compromises by the candidates themselves, deals by the bosses and mob psychology of the delegates determine the outcome.

Analyzing the candidates separately, each shows up with certain virtues-and certain faults, says Peter Edson, NEA Washington correspondent in a feature article. Analyzing them together, comparing them on points, like entries in a horse show, to see which should get the champ's blue ribbon, reveals some interesting data:

On the basis of age, Mac is 66, Van 64, Joe 63, Bob 59, Earl 57, Tom 46 and Harold 41.

As for families, the Warrens have three boys and three girls which they decided was the ideal size for a family before they married. The Tafts have four grown sons, Senator Vandenberg, by his first wife, has two married daughters and a bachelor son, who is his secretary. The Stassens have a boy of 12 and a girl of 6, the Deweys two boys of 12 and 15, the MacArthurs one son,

Martin's father was a blacksmith, Stassen's a farmer, Demey's a newspaper publisher and postmaster, Vandenberg's a harmessmaker, Tait's a lawyer. Tait is the only one born into a well-

Stassen, Dewey, Martin and Warren were all born to poor parents and worked their way up. Warren's parents were brought o America as children by immigrant parents, his father from Norway, his mother from Swaden. Stassen's father was born to Norwegian and Czech parents. His mother was born in Germany and brought to America by immigrant parents. Martin's father was Scotch, his mother Irish.

Dewey's grandfather was one of the founders of the Repub-ican Party in Michigan and he is distantly related to Admiral Dewey of Manila Bay fame, Vancenberg's rather was a Democrat

until he was ruined by a Democratic depression. Martin graduated from high school, Vandenberg had one year of college, MacArthur led his class at West Point. Dewey, Warren, Tart and Stassen went to college and law school. Vandenberg was editor of the Grand Rapids Herald till he came to Washington, 1928. Martin is still owner and publisher of the North Attleboro, Mass., Evening Chronicle.

By experience, Vandenberg has been a senator 20 years, Martin a Congressman 24. Dewey, Stassen and Warren were all prosecuting automeys and governors of their states. All three made their reputations cleaning up crune and crooked politics. All made good governors and administrators. Stassen was elected for three two-year terms in Minnesota. Dewey has been governor of New York since 1940, Warren governor of California since 1941, each having been re-elected once.

Vandenberg and Stassen were delegates to the UN charter conference at San Francisco in 1945. Stassen served in the Pacific as a Navy captain on Admiral Halsey's staff. After the war, Stassen went to Europe and talked with Stalin, Vandenberg has been American representative at London, Paris and Rio international conferences at the first United Nations sessions.

General MacArthur commanded the Rainbow division in France in World War I, was U. S. chief of staff during the bonus army march on Washington in 1982, was retired in 1935 and went to the Philippines as field marshal He hasn't been back in the U. S. since. During the war he was Allied commander in chief

in the Pacific. Warren was drafted in 1917 and came out of the war a lieutenant, but never got overseas. The others have no military records. Dewey, Warren, Taft and Martin have no foreign service

Reading from left to right, the candidates would probably line up Stassen, Warren, Vandenberg, Dewey, Taft, Martin and

Stassen, MacArthur, Vandenberg and Warren are six-footers and weigh over 200. The others are under six feet. Dewey is the only one with a mustache. Taft has the least hair.

Take your pick

J. Belmont Mosser, vice president of a carpet company and a graphite and electrode company at St. Marys, yesterday in Los Angeles, was elected president of Kiwanis International. Mr. Mosser in his various capacities as a Kiwanis official, has visited in Warren quite often in the past, and has a host of friends here who extend Congratulations.

It was pleasing to see employes of Parks and Streets Departments back on the job today. Borough officials as well as representatives of the employes are to be commended for reaching at least a temporary agreement that averts a lengthy strike.

Buying cigarettes out of state to escape the fourcent tax may bring dire consequences, the State Department of Revenue promises. Tax liens may be filed against individual properties of the practice is persisted in.

Women talk more because men are too polite to interrupt them, says a writer. Let's get rude, boys!

Some kids never bother to ask mom if they can go swimming because they want to go.

The season for reunions and picnics is now in full swing.

# YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

A large number of touring parties are observed passing through Warren each day, despite the inciement weather that has been experionced since Monday. Especially noticeable are the numerous automobiles bearing license plates from western states.

With Fourth of July less than four weeks away, a number of stands have appeared along the highways leading to Warren, where fireworks are being sold, reminders of a tragic incident that took place at one of these places a year ago, when the inflammable contents of one of these establishments took fire, causing burns to a young lad from which he died.

Much local interest is shown in the announcement that Clarence D. Chamberlin, who visited here some weeks ago, has been appointed as consultant on construction of the municipal airport at Barren Island in Jamaica Bay

Warren swimming fans will be treated to their first aquation of the in more than five years when teams representing Erie, Titusville, Oil City, Bradford and Warren participate at the YMCA pool tonight.

The first arrests in connection with the present strike of truck drivers at the Smith-Horton Company here were made this morning when local police charged two men with violating a borough ordinance which prohibits any person from throwing tacks or other sharp objects upon the streets.

Jay Wiltse officially was named Democratic county committeeman from the first precinct of Pine Grove townsinp yesterday afternoon as the result of a drawing held in the office of the county commissioners.

By experience, Vandenberg has been a senator 20 years, Martin a Congressman 24. Dewey, Stassen and Warren were all prosecuting attorneys and governors of their states. All three made their reputations cleaning up crime and crooked politics.
All made good governors and administrators. Stassen was elected for three two-year terms in Minnesota. Dewey has been governor of New York since 1940, Warren governor of California

since 1941, each having been re-elected once. Vandenberg and Stassen were delegates to the UN charter conference at San Francisco in 1945. Stassen served in the Pacific as a Navy captain on Admiral Halsey's staff. After the war, Stassen went to Europe and talked with Stalin. Vandenberg has been American representative at London, Paris and Rio international conferences at the first United Nations sessions.

General MacArthur commanded the Rainbow division in France in World War I, was U. S. chief of staff during the bonus army march on Washington in 1932, was retired in 1935 and went to the Philippines as field marshal. He hasn't been back in the U. S. since. During the war he was Allied commander in chief

Warren was drafted in 1917 and came out of the war a lieutenant, but never got overseas. The others have no military records. Dewey, Warren, Taft and Martin have no foreign service

Reading from left to right, the candidates would probably line up Stassen, Warren, Vandenberg, Dewey, Taft, Martin and

Stassen, MacArthur, Vandenberg and Warren are six-footers and weigh over 200. The others are under six feet. Dewey is the

only one with a mustache. Taft has the least hair.

J. Belmont Mosser, vice president of a carpet company and a graphite and electrode company at St. Marys, yesterday in Los Angeles, was elected president of Kiwanis International. Mr. Mosser in his various capacities as a Kiwanis official, has visited in Warren quite often in the past, and has a host of friends here who extend congratulations.

It was pleasing to see employes of Parks and Streets Departments back on the job today. Borough officials as well as representatives of the employes are to be commended for reaching at least a temporary agreement that averts a lengthy strike.

Buying cigarettes out of state to escape the fourcent tax may bring dire consequences, the State Department of Revenue promises. Tax liens may be filed against individual properties of the practice is persisted in.

Women talk more because men are too polite to interrupt them, says a writer. Let's get rude, boys!

Some kids never bother to ask mom if they can go swimming because they want to go.

The season for reunions and picnics is now in full swing.

# YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

#### 1928

A large number of touring parties are observed passing through Warren each day, despite the in-clement weather that has been experienced since Monday. Especialy noticeable are the numerous automobiles bearing license plates from western states.

With Fourth of July less than four weeks away, a number of stands have appeared along the highways leading to Warren, where fireworks are being sold reminders of a tragic incident that took place at one of these places a year ago, when the inflammable contents of one of these establishments took fire, causing burns to a young lad from which he died.

Much local interest is shown in the announcement that Clarence Chamberlin, who visited here some weeks ago, has been appointed as consultant on construction of the municipal airport at Barren Island in Jamaica Bay.

Warren swimming fans will be treated to their first aquatic meet in more than five years when teams representing Erie, Titusville, Oil City, Bradford and Warren participate at the YMCA pool

The first arrests in connection with the present strike of truck drivers at the Smith-Horton Company here were made this morning when local police charged two men with violating a borough ordinance which prohibits any person from throwing tacks or other sharp objects upon the streets.

Jay Wiltse officially was named Democratic county committeeman from the first precinct of Pine Grove township yesterday afternoon as the result of a drawing held in the office of the county commissioners.

In Europe there are still, today, some \$50,000 people who live in detention camps. They are fugitives of all forms of religious and political persecutions and victims of barbarism and Nazi terror. Of this group 80% are Christians and 20% Jews. These people cannot return to their homes because

of the fear of oppression.

The government of the United States, Great Britain and France declared officially that no people would be forced to return to their homelands against their will. Harrisburg-The tag which Farmerette Audrey Bowman is displaying here will soon be a familiar sight on milk cans throughout Pennsylvania -as rural folks prepare to donate their June 21st milk production for overseas relief.

The letters CROP refer to the Christian Rural Overseas program, which is supported by both Protestant and Catholic church groups in the state, in cooperation with all major farm organizations. Proceeds from cans bearing CROP tags will be converted into exportable dairy products for shipment to the needy overseas. Tags are now being issued by dairies, local churches and CROP committees, according to David representing Moriah Lutheran Hanawalt, state director of overseas relief for the Pennsylvania Councils. MRS, H. F. SCHLADE

Word has been received here from Warren, O., of the death and funeral of Jennie D. Schlade, wife of Herman F. Schlade, for-mer resident of this section. Mrs. Schlade, aged 77, died Sunday afternoon at her home in that city

following an illness which dated since last October.

Formerly of Sheffield, she had been a highly regarded resident of the Ohio city for the past 31 years. She was a member of the First Presbyterian church, the New Era Club, and the Monday Afternoon Club. She was born November 8, 1870, in Erie, the daughter of George E, and Rebecca Culbertson Wood. On September 2, 1877 ber 8, 1897, she was married to Mr. Schlade, who survives her, with three children: J. Donald Schlade, and Mrs. Ernest R. Valery, War-ren, O., and Mrs. Vernon Wheelock, Cleveland; one sister and one brother, Miss Mary Wood, and C. L. Wood, Warren.

MRS. SYLVESTER SONGER Margaret Annie, wife of Sylvester Songer, passed away at the home of her youngest daughter, Mrs. Walter Bednies, Warren, R. D. 3, at noon on Wednesday, aged 38 years. She had been seriously

ill for only a short time.

Mrs. Songer was born in Brook-ville, Jefferson county, on Decem-ber 31, 1860, a daughter of Mr. and Mrs. Andrew Singer. Had she lived until September, she and Mr. Songer would have celebrated their 66th wedding anniversary. They were married on September 12, 1882, in the Church of the Immaculate Conception in Brookville by Father Clement Winkler. All of their married life was spent on a farm near Sigel until about 13 years ago, when they purchased a home on Jackson street, North Warren. For the past several years they have made their home with their children.

Surviving are the following sons and daughters: Mrs. O. V. Sage, of Marienville; Edward Songer,

ASKED TO REPORT

With the close of the Junior Chamber of Commerce Concert campaign only two days away, workers selling memberships are urged to get their reports in as soon as possible so that it can be determined when the house is sold out. All money and membership cards should be turned in by Saturday. A checkup Wednesday afternoon from workers who had reported showed that over half of the 525 memberships were sold and concerted effort on the part of salesmen the last two days will be appreciated. 'The members of the augmented Jaycee committee are asked to call either 155 or 3032 with a report of their progress.

#### DISTRICT MEETING

The newly elected board of directors of the Warren Junior Chamber of Commerce will meet tonight in the office of Sidney W. Blackman for the purpose of electng officers for the coming year. The present board of directors will meet at the same time for the regular monthly session. The double board meeting is scheduled for

# Revising Tax Estimate By June 15th May Mean Saving

By JAMES MARLOW Associated Press Correspondent

Washington—By June 15 between 5,000,000 and 7,000,000 people must do something about their 1948 estimated income tax.

That deadline-because of the new 1948 tax cut-means:

1. Some won't nave to pay any further estimated tax. But they must show why by filling out form 1040-ES and sending it to their internal revenue collector.

2. Some will pay less estimated tax than they figured they'd have to earlier in the year. They, too, must show why on form 1040-ES. Here is the story:

By last March 15 those 5,000, 000 to 7,000,000 people had to start making the first of four payments on their 1948 estimated income tax. The other payments are due June 15, Sept. 15 and Jan. 15,

You had to do this if: 1. No tax was to be withheld from your 1948 income. 2. Some, but not all, of your

1948 tax was to be withheld from

your income this year. But, since March 15 when the first estimated tax payment was made, the new 1948 tax cut has gone into effect.

So-the people who paid an estimated tax will have to make either no further payments, or re-duced payments, depending on the size of their income.

If you want to find out whether you pay less tax or no more at all, look on the back of form 1040-

For those making under \$5,000, there's a table. You can find your tax there. For those making over

\$5,000, there a step-by-step way of figuring your tax on the back

Under the old law, except in [ community property states, a husband or wife could not claim part of the other's income in making a tax return.

Now, under the new law, husbands and wives everywhere can do that. The purpose of this part of the new law, is to help reduce married couples' taxes. So, if you have to do something

about your estimated tax by June 15, you may reduce your tax or save yourself from any further tax by filing a joint, revised estimated tax return with your wife, letting her claim half your 1948 income

# State Dairy Quits, Says Rumor Industry Is Being Traced

Harrisburg -Growth of the dairy ndustry in Fennsylvania into the largest agricultural activity with in the state was reviewed today by State Secretary of Agriculture Miles Horst in a message pertun-ing to national elserounce of fune

In early Colonial days grain farming predominated in Fennsyl-vanio and there was unlarively title attention given to avest. proved breeding, feeding and care have increased production per cow to an average of 5.730 pounds per year, an advance of 51 per cent.

Total milk production within the period was increased from 3.500.-000.000 pounds per year to 5.800.-000.000, a jump of 55 per cent.

Socretary Horst pointed out. More milk was produced

Pennsylvania farms last year than ever before. The 5% billion pounds would be enough to fill a threeiane highway 30 feet wide and six inches deep extending a distance of more than 1,000 miles, or greater than from New York to Chicago, he commented.

# Price Boosted On Seedlings For Planting

District Forester A. H. Vogler said today that the State Department of Forests and Waters has increased the price of forest seedlings for planting on privately-owned land from \$2 to \$3 per thousand and the price of trans-plants from \$5 to \$15 per thousand, effective June 1. A list of species of trees avail-

able will be announced in July. State officials said the price of planting stock in effect prior to June 1 has not been changed for more than 20 years. In the meantime, the cost of raising such planting material has increased very greatly. During the past several years, seedlings and trans-plants have cost the Commonwealth about four times the amount which has been received for them. The new prices are below the actual cost of production.

Applications for seedlings received prior to June 1 are being held for next year's shipment. The price of these will be at the old rate inasmuch as they were re-

## MIDDLE ATLANTIC

By The Associated Press

Both the Johnstown Johnnies and the Uniontown Coal Barons won doubleheaders last night to remain tied for second place in the Middle Atlantic League, three games behind the top-spot Vandergrift Pioneers.

Uniontown won its games the hard way, playing 21 innings of baseball to capture the abbreviated opener 9-6 and the 14-inning nightcap 9-7. A batting spree good for eight runs pulled Uniontown out of a tight hole in the first H. M. Clepper, ss .... 2 game. In the other shortstop Bob Williams doubled in the 14th inning to send home the winning

Johnstown also had to play an extra inning to wan its first game from Youngstown. Youngstown batted in four runs in the top of the eighth but Johnstown came right back with five runs in the bottom of the frame to win the game, 10-9. In the nightcap, Art Koppen scattered nine hits to get his fifth straight win by a score

Erre and Oil City split a twin bill, Erie winning the first game 5-0 and losing the nightcap 3-2. Joe Galioti held the Oilers to four scattered bingles in the opener for his fifth win. In the late game, Dan Phalen homered for Oil City

and Vince O'Grady for Erie. In the only single contest of the day, the Butler Yanks committed eight costly errors, which, coupled with 12 walks, gave the league leading Vandergrift Pioneers an (Game called at end of 8th be-

# Hoping For Tilt Toniaht

Newark, N. J., June 10—(A)-Finely trained Rocky Graziano and Tony Zale kept an anxious eye on the sky today as they sweated out the hours for their 15-round mid-dleweight title bout in Ruppert Stadium tonight.

On edge after months of training drudgery for this third and rubber fight, the battlers were keenly disappointed when intermittent rainstorms yesterday set back the fray a day.

Today's forecast for "partly cloudy" weather was enough to keep them on the hot seat at 1581/2 and Zale at 158% -and don't have to repeat the ceremony today.

But should nasty squalls force another 24-hour delay the gladiat-ors might be in for trouble. In event of a double postponement, they'll have to make the 160-pound division limit again Friday noon, according to the ruling of Abe J. Greene, chairman of the New Jer-

sey State Athletic Commission.
While Zale and Graziano were
disturbed over the postponement, the Promoting Tournament of Champions, Inc., counted on it to bring another harvest of dollars. The "seven angels" as the seven

businessmen backers are called, already were assured of breaking even on their initial promotion. They've got a ticket sale of more than \$277,000 and \$70,000 for radie and move rights. Whatever comes in today is pure gravy. Graziano will get \$120,000 and Zale

The promoters still hope to hit their goal of a 25,000 crowd and a \$350,000 gate.

Newark, N. J., June 10—(A)— Finely trained Rocky Graziano and Tony Zale kept an anxious eye on the sky today as they sweated out the hours for their 15-round mid-dleweight title bout in Ruppert Stadium tonight

On edge after months of training drudgery for this third and rubber fight, the battlers were keenly disappointed when intermittent rainstorms yesterday set back the fray a day.

Today's forecast for "partly cloudy" weather was enough to keep them on the hot seat at 1581/2 and Zale at 158% -and don't have to repeat the ceremony today.

But should nasty squalls force another 24-hour delay the gladiators might be in for trouble. In event of a double postponement, they'll have to make the 160-pound division limit again Friday noon, according to the ruling of Abe J. Greene, chairman of the New Jersey State Athletic Commission.

Harrisburg—During the first four months of the current year the Department of Highways has awarded contracts for \$49,217,000 worth of construction.

Data compiled by the federal public roads administration show

the Pennsylvania Department to be well out in front of all other states this year for road improvements. In the period covered by the last

report, all of the 48 states and the District of Columbia were credited with construction awards amounting to \$332,552,000.

The State of California was second on the list with awards of \$21,-132,000, and Massachusetts was

third with \$19,969,000. The Massachusetts total included an item of \$13,282,000 for a toll bridge. During the month of May the Pennsylvania department announced contract awards in excess of \$9,400,000. Those figures are not included in the federal total since they cover only the first four months of the year.

Contractors have completed slightly more than 20 miles of new pavement so far this season. Up to May 27, 1946, they had finished only 5.34 miles. There was 423.91 miles of uncompleted highway under contract as of May 25 according to reports.

#### BARNES

Barnes - Memorial Day in Barnes is always like an old gathering. Many former residents have friends and families buried in the local cemetery, who come annually to decorate their graves and attend the services. This year the Frank M. Glendenning Post American Legion was assisted by the Veterans of Foreign Wars of Sheffield. Rev. E. Hulse, Methodist minister, was the speaker. The Barnes cemetery was again in very good shape, presenting a very beautiful appearance.

**ORANGE JUICE** 

**FALSE TEETH** More Firmly In Place

Do your false teeth annoy and embarrass by slipping, dropping or wabbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

port playing host.

This year the Pennsylvania Aviation Trades Association will sponsor the program, and it is expected that 300 private aircraft from all parts of Pennsylvania and from all parts of Pennsylvania and surrounding states will fly into the

Williamsport Airport to take part in the three-day festival of business and r meation.

The purples of the cruise is to ereate activity and interest among personal an craft owners and to demonstrate the accessibility of the airplane to the numerous vacational and recreational areas

throughout the State Quite an extensive program has heen prepared. The Pennsylvania Aviation Trades Association will hold their annual dinner meeting, and entertainment for the cruise participants will include a fly-in-harbecue, a haseball game, golf, fishing, picnics and other sports The fishermen will be given a special treat; they will be divided into groups and taken to the 1egion's best streams.

Along with all this, it is hoped that this year will see the inauguration of a new twist in the Air Cruise. The Philo Radio Corporation has been queried regarding the idea of having parts of the show televised. Then, too, the lo-cal radio stations have expressed a desire to make records for broad-

What will come next is haid to descein. Russia's first objective must be to weaken that common will, or otherwise to get around it For that reason, the supporters of the Marshall plan are very much worried about the effect, in Europe, of the present battle over proposed reductions in the amount of money authorized. Moscow radio was quick to comment on that. It noted the "disappointment in England," and stressed the controversy and confusion that had been aroused elsewhere

It is obvious that the Russians, blocked for the moment are looking for a new route of attack. When they find it, the cold war will get

The purpes of the cruise is to create activity and interest among personal aircraft owners and to demonstrate the accessibility of the airplane to the numerous vacational and recreational areas throughout the State.

Quite an extensive program has been prepared. The Pennsylvania Aviation Trades Association will hold their annual dinner meeting, and entertainment for the cruise participants will include a fly-in-barbecue, a baseball game, golf, fishing, picnics and other sports. The fishermen will be given a special treat; they will be divided into groups and taken to the region's best streams.

Along with all this, it is hoped that this year will see the inauguration of a new twist in the Air Cruise. The Philco Radio Corporation has been queried regarding the idea of having parts of the show televised. Then, too, the local radio stations have expressed a desire to make records for broadcasting.
